Subject: Dimock Residential Ground Water Sampling - DRAFT Residential Radiation Data Reports

Attached for your review please find PDFs of the DRAFT Residential Radiation Reports for the residential wells sampled during Round 1.

While the data has been validated and is considered final, the reports are considered DRAFT until our review is completed. Please be sure to limit the distribution of these reports to an internal review as we have not yet shared the data with residents or with PADEP.

It is my understanding that EPA expects to release this data to the public mid-July.

Please feel free to contact me with any questions and/or if you need additional info.

Thank you - Kelley
